

Get to the Table on Time

M. Ward

Well they called me once, and they called me twice
Third time they called me was cold as ice,
they say "Get to the table, Get to the table on time!"
Better make up your mind, if you wanna get to the table
on time
Better get to the table, get to the table on time.
And the Lord of Lords, he laid out a feast,
he said "Listen to me boys, this will be last one of
these,
So you better get to the table, get to the table on
time."
Better make up your mind, if you wanna get to the table
on time
Better get to the table, get to the table on time.
