

# I'm Going Higher

M. Ward

(Ah, 1, 2, 3)

I'm going higher someday  
Although it may not look that way  
Though today, they don't believe me  
One day, He's goin' to take me  
Trust me, Lord, I'm going higher someday

I said, I'm going higher someday  
Although it may not look that way  
Though today, they just might break me  
One day, He's goin' to take me  
And lift me high, lift me high, lift me high  
So that I can see the dark shines beyond my darkest day

Yeah, I'm going higher someday  
Although it may not look that way  
Though today, they may police me  
One day, he's goin' release me  
And lift me high  
(High)  
Lift me high, lift me high  
So that I can see the dark shines beyond my darker day  
Yeah, lift me high  
(High)  
Lift me high, lift me high  
So that I can see the dark shines beyond my darkest day

(Ah, ah, ah, ah)
