

## Lullaby + Exile

M. Ward

oh a trance is a spell  
with a thrill wrapped up inside it  
and try as you might to fight it  
love will get you in the end

and then the sound of a bell  
could sound like angels crying  
or sunlight multiplying  
through Virgin Mary in stained glass

and then a lullaby on Broadway  
could sound like an exile out on Main  
oh when that curtain closes  
you'll be back in your seat again

and then the band starts the ball  
when the chandelier starts glowing  
with or without you knowing  
who the partner, what the dance

oh a trance is a spell  
with a thrill wrapped up inside it  
and try as you might to fight it  
love will get you in  
love will get you in  
love will get you in  
the end
