

Phenomenon

M. Ward

If you can't talk to you friends about it
To a stranger it's strictly taboo
But ya know what ya believe and if somebody ever asks y'all
Ya tell 'em it's the truth

That's how I believe in you, and I believe that I do
Not cause somebody told me not to or cause somebody told me to
No, I just believe in you, and I believe in you so long

It's phenomenon, it's phenomenon
It's phenomenon, it's phenomenon
It's phenomenon and it goes on and on, it's true

So finders find it like a secret
Keepers keep it that way too
But believe what you believe
And if somebody second guess y'all
You tell em it's the truth

That's how I believe in you, and I believe that I do
Not cause somebody told me not to or cause somebody told me to
No, I just believe in you, and I believe in you so strong

It's phenomenon, it's phenomenon
It's phenomenon, Oh, it's phenomenon
It's phenomenon and it goes on and on, it's true, I do
It's phenomenon, it's phenomenon
It's phenomenon, Oh, it's phenomenon
It's phenomenon and it goes on and on, it's true

If you can't talk to you friends about it
To a stranger it's strictly taboo
