

Real Silence

M. Ward

Silence, real silence
That is all stars can say
Tonight, it's radiating
Downward

Yeah, silence, real silence
Is the only strike
These mission bells
Will get tonight

And if yesterday was bombs away
Pray tonight we find the antidote
When silence, real silence
Explodes

If yesterday was bombs away
Pray tonight we find the antidote
When silence, real silence
Yeah, silence, real silence
Silence, real silence
Explodes
