

Sweetheart

M. Ward

You have a sweetheart, sweetheart
You have a nice smile baby
You drove me crazy
Down lovers lane

I can't explain this love I have for you
I cannot tame this desire I have for you
If it starts again... don't forget I love you

Oh my love, take my hand
We'll go walking
Moon and stars are shinning in the sky
Everyone I know must be jealous
Cause they don't have a love such as I

You have a sweetheart, sweetheart
You have a nice smile baby
You drove me crazy
Down lovers lane

Oh my love, take my hand
We'll go walking
Moon and stars are shinning in the sky
Everyone I know must be jealous
Cause they don't have a love such as I

You have a sweetheart, sweetheart
You have a nice smile baby
You drove me crazy
Down lovers lane

I can't explain this love I have for you
I cannot tame my desire I have for you
And when it starts again... don't forget I love you

Oh my love, take my hand
We'll go walking
Don't forget I love you
