

## There's a Key

M. Ward

So I'm losing my marvels  
One marvel at a time, it's true!  
But I'm stuck between what we have done  
What we gonna do?  
There's a key on my piano that it played for you!

And now I'm conquering the ocean, one wave at a time, it's true  
!  
Cause I cannot beat the devil,  
I'm taking on the deep, deep blue  
Under this key of my piano that I play it for you!

Can you hear it? Can you see?  
...divided  
Ocean's wide till he jumped inside this... wave and me!

So I'm losing my marvels  
One marvel at a time, it's true!  
But I'm stuck between what we have done  
What we gonna do?  
There's a key on my piano that it played for you!
