Love, love
Love me, love
La-la-la-la-la-love me

Love me like you love your Benz (Yeah, yeah)
Hold me like you hold your gems
Smoke it like you do your blims (Yeah, yeah)
Roll me up and breathe me in (Yeah, yeah)
Black card or the platinums (Yeah, yeah)
Rep me like you rep your ends
Love me like you love your Benz
You can't do all this alone, no-oh (Yeah, yeah), no-oh
Can you love me? (Love me now)
La-la-la-la-la-love me

Yo, how your body so ten? You don't step in no gym
Make me wanna get a purse with the letter C's twins
If it's a secret, don't tell none of your friends what we did
Just love me like how I love the fact none of my enemies lit
Hit the G spot in the back of the G Wagon
I mean that, had a thing for me back when I was taggin' up them G packs
Looks in your eye, once you're down below
Steady, puttin' pressure on your kneecap
Sliders from Hermes, that's probably where her feets at
Bracelets from Cartier, you ain't gotta put that on your wishlist
Careful what you wish for
Go yard, tote bag, ain't tryna keep you in those
I save you from the guys, but I won't tell you what they're in for
You keep sayin' I'm toxic, second place niggas
Like your pics on the 'gram, but it's me that sees you topless
You be actin' like you don't love goin' back and forth
So good, I think that they should nominate you for the Oscars

Love me like you love your Benz (Yeah, yeah)
Hold me like you hold your gems
Smoke it like you do your blims (Yeah, yeah)
Roll me up and breathe me in (Yeah, yeah)
Black card or the platinums (Yeah, yeah)
Rep me like you rep your ends
Love me like you love your Benz
You can't do all this alone, no-oh (Yeah, yeah), no-oh
Can you love me? (Love me now)
La-la-la-la-la-love me

Ha, you know I'm real selective with my time
But for you, I'm crossing every line
Imagination, runnin' to your location, comin'
Gotta make sure that you make it home tonight

Love me like you love your Benz (Yeah, yeah)
Hold me like you hold your gems
Smoke it like you do your blims (Yeah, yeah)
Roll me up and breathe me in (Yeah, yeah)
Black card or the platinums (Yeah, yeah)
Rep me like you rep your ends
Love me like you love your Benz (Love your Benz)
You can't do all this alone, no-oh (Yeah, yeah), no-oh

Can you love me? (Love me now)
La-la-la-la-la-love me (Love)
(Love me now, la-la-la, love me)

You know I'll still put you first every time
I'll put that on my life

Love, love
Love me, love
La-la-la-la-la-love me
Love, love
Love me, love
La-la-la-la-la-love me
