Mabel

Only one month to my birthday, to the day  
Only one month to my birthday, to the day  
Only one month to my birthday, to the day  
Only one month to my, one month

Only one month to my birthday, to the day  
It don't feel like I've changed, ain't done shit with 28  
Always trying to reinvent myself for ya  
Always trying to be healthier  
Put myself through hell for ya  
Don't know why I fell for ya

I should've known myself better  
I know that it's easy to forget her  
I am tryna keep it all together  
But no matter how many looks that I do  
You don't see me

Ooh, ah, ooh, ah  
You're not deserving of me  
You're not deserving of my love  
Ooh, ah (Don't love me lately), ooh, my love (Don't see me lately)  
You're not deserving of me (Deserving of me)  
You're not deserving of my love

Ooh, ah  
Only one month to my birthday, to the day  
Only one month to my birthday, to the day  
Only one month to my birthday, to the day  
Only one month to my, one month

Only one now till I'm on stage and away  
So I'm putting on my face, hiding these feelings

And I should've known myself better  
I know that it's easy to forget her  
I am tryna keep it all together  
But no matter how many looks that I do  
You don't see me

Ooh, ah, ooh, ah (Oh-oh)  
You're not deserving of me  
You're not deserving of my love (You're not deserving of my love)  
Ooh, ah (Don't love me lately, mm-oh), ooh, my love (Don't see me lately)  
You're not deserving of me (You're not deserving; Deserving of me)  
You're not deserving of my love  
Ooh, ah, ooh, ah  
You're not deserving of me  
You're not deserving of my love (My love, my love, my love)  
Ooh, ah (Don't love me lately), ooh, my love (Don't see me lately)  
(My love, my love, my love)  
You're not deserving of me (Deserving of me)  
You're not deserving of my love (My love)

Only one month to my birthday, to the day  
Only one month to my birthday, to the day  
Only one month to my birthday, to the day (Sweet like I'm sleeping)

You don't see me the way I want you to (Only one month to my birthday, to the day)

No, you don't see me the way I need you to (Only one month to my birthday, to the day)

Only one month to my, one month

Only one month to my birthday, to the day

Only one month to my birthday, to the day (My love, my love, my love)

Only one month to my birthday, to the day

Only one month to my, one month
