

We Don't Say...

Mabel

Tell you I'm going home, yeah
Picking up all my clothes
Steppin' out in your hallway
Hope you tell me don't go
Been four days since I saw ya
I'm waitin' up on my phone
We both said that we'd come, yeah
But we too proud so we don't

It's never the right time or place
And your timing's always too late
I can see you want me to stay
It's in all the things we don't say
Don't you know that your body language
Is tellin' me more and more
The words don't come out the right now
It's in all the things we don't say

Ah, ah, ah, ah
We don't say
Ah, ah, ah, ah
We don't say nothing, no, oh
Ah, ah, ah, ah
We don't say
Ah, ah, ah, ah
We don't say nothing, no, oh

Back in time and you know it
So tell me, why you in here?
I know your boys always asking why we haven't gone clear (Oh)
All this money, we can put it where our mouth is
Ain't holdin' back now, spillin' out the top floor
I been waiting for you, baby, are you waitin' on me?

It's never the right time or place
And your timing's always too late (Too late)
I can see you want me to stay
It's in all the things we don't say (Don't say)
Don't you know that your body language
Is tellin' me more and more
The words don't come out the right now
It's in all the things we don't say

Ah, ah, ah, ah
We don't say (Oh)
Ah, ah, ah, ah
We don't say nothing, no, oh
Ah, ah, ah, ah
We don't say nothing, say nothing
Ah, ah, ah, ah
We don't say nothing, no, oh

For once, let's be honest
If you jumped, then I'm jumpin' in too
So show me you're on it
Do it for me, then I'll do it for you
For once, let's be honest

If you jumped, then I'm jumpin' in too
So show me you're on it
Do it for me, then I'll do it for you

Baby, can be talk?
Ah, ah, ah, ah
We don't say
Oh, your body, boy, is talking
I can't do it all for nothing
Ah, ah, ah, ah
So you better be talkin' somethin'
We don't say nothing, no, oh
Talkin'
Ah, ah, ah, ah
Oh, your body, boy, is talking
'Cause I can't do it all for nothing
We don't say nothing, say nothing
So you better be talkin' somethin'
Ah, ah, ah, ah
We don't say nothing, no, oh

Mm, mm
