

Bad Behavior

Mabel

Mmm, the whole room looking my way
Cause the afterparty's my place
I got 'em all around me, all around me
Mmm

Don't wait, not a minute
We here, no limit, no pressure baby
Can't dip, now we in it
It's gonna be a good one
Never no pressure baby
I was unholy when you met me
You just have to accept it
And if you can't handle it

Don't wait, not a minute
We here, no limit, no pressure baby
Can't dip, now we in it
It's gonna be a good one
Never no pressure baby
I was unholy when you met me
You just have to accept it
And if you can't handle it
