

Begging

Mabel

Put your, put your, put your hands up
Drop it to the floor, be a baby
You used to let me drive you crazy
So tell me would you go, tell me would you go, oh, oh
Maybe this is good, but that's not good enough, oh, oh
I blame it on you 'cause

You're not even trying, baby
When we touch it's not the same
So why you tryna make me stay?
So why you tryna make me stay?
You've been self obsessed for months
You couldn't even love me once
But now you tryna make me stay
But now you tryna make me stay

Go on, tryna make me stay (ooh ah)
I wanna see you on your knees
Wanna see you begging
Go on, tryna make me stay (ooh ah)
I wanna see you on your knees
Wanna see you begging (ooh ah)
I wanna see you on your knees
Wanna see you begging (ooh ah)
I wanna see you on your knees
Wanna see you begging

We were hanging out in the same club
Bodies so busy, always rolling
No sure, now you're ghosting
So tell me would you go, tell me would you go, oh, oh
Maybe this is good, but that's not good enough, oh, oh
I blame it on you 'cause

You're not even trying, baby
When we touch it's not the same
So why you tryna make me stay?
So why you tryna make me stay?
You've been self obsessed for months
You couldn't even love me once
But now you tryna make me stay
But now you tryna make me stay

Go on, tryna make me stay (ooh ah)
I wanna see you on your knees
Wanna see you begging
Go on, tryna make me stay (ooh ah)
I wanna see you on your knees
Wanna see you begging (ooh ah)
Do it like you mean it, wanna see you on your knees
I wanna see you on your knees
Wanna see you begging (ooh ah)
I wanna see you on your knees
Wanna see you begging

I wanna see you on your knees
Wanna see you begging

I wanna see you on your knees
Under your skin, bodies rolling, no
No controlling, bodies rolling, no

You're not even trying, baby
When we touch it's not the same
So why you tryna make me stay?
So why you tryna make me stay?
You've been self obsessed for months
You couldn't even love me once
Now you tryna make me stay
Now you tryna make me stay (ooh woah)

Go on, tryna make me stay (ooh ah)
I wanna see you on your knees
Wanna see you begging
Go on, tryna make me stay (ooh ah)
I wanna see you on your knees
Wanna see you begging (ooh ah)
Do it like you mean it, wanna see you on your knees
I wanna see you on your knees
Wanna see you begging (ooh ah)
I wanna see you on your knees
Wanna see you begging
