

Disco disco

Mabel

Disco beat, disco beat...

If you believe..

In love

Feel the music..

In your soul

And you believe..

In love

I can feel that your mind can surround me,

Take control

Take control

Disco beat, disco beat...

Take control.

And you believe,

That in love

You're the strongest

Of that.

And you believe..

With my love

So I can feel that your mind will surround me

Take control!

Disco beat, disco beat...

Take control.
