

## Like A Dream

Mabel

Honey, be the reason of my life  
baby, kiss me for the rest of time  
runnin', fallin' into the empty space  
I'm searchin' for your smile  
tryin' to take a sign

Cause I'll be dancin', singin' with you on my mind  
floating all over like a dream, kissin' you tonight  
lookin', searchin' for a tear inside your eyes  
reachin' my heaven with your touch deep in my lonely side

Love me, I'll be ever on your side  
paint me, I will be the one you like  
kissin', pullin', my mind will never change  
I'm searchin' for you  
fly , tryin' to find the why

Cause I'll be dancin', singin' with you on my mind  
floating all over like a dream, kissin' you tonight  
lookin', searchin' for a tear inside your eyes  
reachin' my heaven with your touch deep in my lonely side

Lose me, search me, find me  
I wanna find you  
Lose me, search me, find me  
my heart will never die
