

Shy

Mabel

Say what you need
Wanna be that girl for you

Demon time strikes 1 o'clock
You tried to call me, but you ain't speaking up
Boy, why are you so afraid, -fraid?
Can't you see we're on the same page, page?

Say what you need
I can be that girl for you
Do anything for you
But we still gotta do it my way, my way
You gots to get on my wave, my way

You're used to the kind that play hard to get
Please know I'm not here to mess with your head
See I want it just like you do
Hurry up, make your move
'Cause if you could read my mind
You'll find

You ain't gotta be shy
Shy la ly ly ly
You ain't gotta be shy
Shy la ly ly ly
You ain't gotta be shy
Shy la ly ly ly
Baby, say what you need
Wanna be that girl for you

(Got to have your love)
Oh yeah, yeah, yeah
(Got to have your love)
Oh yeah, yeah, yeah

I'm being straight up, ain't got no time for pretence
I want you so that's my right to defend
Don't worry 'bout what your crew say, say
Be a man about it, be brave, brave

You're used to the kind that play hard to get
Please know I'm not here to mess with your head
See I want it just like you do
Hurry up, make your move
'Cause if you could read my mind
You'll find

You ain't gotta be shy
Shy la ly ly ly
You ain't gotta be shy
Shy la ly ly ly
You ain't gotta be shy (You ain't gotta be)
Shy la ly ly ly
Baby, say what you need
Wanna be that girl for you (Wanna be that girl for you)

You ain't gotta be shy

Shy la ly ly ly
You ain't gotta be shy (You ain't gotta be)
Shy la ly ly ly
You ain't gotta be shy
Shy la ly ly ly
Baby, say what you need
Wanna be that girl for you (Wanna be that girl for you)

Be that girl for you, whoa
'Cause I want it just like you do
Mmm, hurry up, make a move
'Cause if you could read my mind
You'd find I
