Mac Ayres

Don't keep on talkin'
If you're gonna say the same
"Oh well, I'm alright"
Well, nothing's changed
I start to wonder why I came

Hands in my pockets
As again you say your name
Like I'm gon' remember anyway
Seems like I'll always feel this way

Oh, why does it
Feel like I'm
Running in circles
Just to start over
And over again

I ain't got nothin'
I'm just holdin' my breath
'Til you reach me
Until you teach me
And I might have somethin'
I just don't know it yet
So, tell me
That this won't last so long
(Last so long)

Feel like I'm lost
In your tireless tirade
Oh well, she got tenderness and space
She just rains on my parade

Oh, why does it
Feel like I'm
Running in circles
Just to start over
And over again

I ain't got nothin'
I'm just holdin' my breath
'Til you reach me
Until you teach me
And I might have somethin'
I just don't know it yet
So, tell me
That this won't last so long

I ain't got nothin'
I'm just holdin' my breath
'Til you reach me
Until you teach me
And I might have somethin'
I just don't know it yet
So, tell me
That this won't last so long
