

# Every Time

Mac Ayres

Could you turn the lights out if I go?  
Don't wanna fight 'bout this no more  
Said if you got the time for that  
You got time for something more  
Said the wind is the way I go  
I need two cigarettes and a casamigos  
Been feeling like in spite of that  
Oh, I been tryna keep things low

I said can somebody save me?  
Save me from only myself  
I said can somebody save me?  
Can't keep on holding my breath, better get this off my chest,  
oh

It feels like every time I see you, I just don't really see you  
, I just don't really see you, I just don't really  
It feels like every night I meet you, I just wanna believe you,  
I just wanna believe you, I just don't really  
It feels like every time I see you, I just don't really see you  
, I just don't really see you, I just don't really  
It feels like every night I meet you, I just wanna believe you,  
I just wanna believe you, I just don't really see it, no

Somebody tell me I could think things twice  
Somebody tell me why it just feels like  
I been up staying on my phone all night  
Why's it always myself I fight?

I said can somebody save me?  
Save me from only myself  
I said can somebody save me?  
Can't keep on holding my breath, better get this off my chest,  
oh

It feels like every time I see you, I just don't really see you  
, I just don't really see you, I just don't really  
It feels like every night I meet you, I just wanna believe you,  
I just wanna believe you, I just don't really  
It feels like every time I see you, I just don't really see you  
, I just don't really see you, I just don't really  
It feels like every night I meet you, I just wanna believe you,  
I just wanna believe you, I just don't really see it, no
