

Pickled Ginger

Mac Ayres

Last one down, [?]

Hum, hey I just wanna let you know we are all out pickled ginger

Hum, if you wanted something else, give me a call at 3-

We're sorry, you have reached a number that has been disconnected or is no longer in service

Baby driving all night

Couldn't see with my headlights on

I know something ain't right

Wish you don't have to stay so low

Tryin' to bathe into the sun, progress

How you floated to the shade, weightless

When you call me, it's what you don't say

Baby when you call, that's what you don't want

I don't want this thing right back together myself

And I don't want this thing right back together myself, but now

I don't want this thing right back together myself

I don't want this thing right back together myself but now
