Shadows

Mac Ayres

Tried to chase the storm, but they said go back inside
Ain't been here before, no I never felt so alive
Tried to tell you some, but you never been listening
You ain't show me love way before we got these wins

Tell 'em I been on my way
I been on my way
I been on my way
I been on my way
(Only the shadows will make the shade)

Tryna live my life, like nobody lived it before
I got to see myself, what the world has got in store
I tried to walk away (hey) ain't I seen you around?
Oh yeah, you the same damn mufucka talking when I'm never aroun
d

Swear the next time I see you imma...
Never mind, I'm alright

Tell 'em I been on my way
I been on my way
I been on my way
I been on my way
(Only the shadows will make the shade)

Baby my shadows gon' make the shade
Gon' make the shade
Baby my shadows gon' make the shade
Gon' make the shade
Baby my shadows gon' make the shade
Gon' make the shade
Baby my shadows gon' make the shade
Gon' make the shade

Tell 'em I been on my way
I been on my way
I been on my way
I been on my way
(Only the shadows will make the shade)
