

Something More

Mac Ayres

Oh just another day
Been staring out my window
Been trying to make a change
But I just can't let myself go
I just got back from Salt Lakes
Been switching outta time zones
But I just can't get away
I need somewhere else to get gone, yeah

They tell me boy keep your head up, yeah
Keep on running it back and keep it on track

Say oh, hey
Something more, want something more
(Gotta get something more baby yeah, yeah)
Something more, want something more
(Get something)

My life ain't picture frames, right
Been in and out of focus
This life is just a game
(Don't you know that life is just a game, you know that life is
just a game)
But who's been keeping score baby
Don't ever know my way
At least I know where I'm going yeah
But if I'm gone today
Just what I gotta show for it
Alright

Say oh, hey
(Something more, want something more)
Something more, want something more
(Gotta get yeah)
Something more, want something more
Something more, want something more
Something more, want something more
Gotta get something more baby yeah

Thought you gotta get something more
Thought you gotta get something more
Thought you gotta get something, gotta get something
Gotta get something more
