

Where U Goin' Tonight?

Mac Ayres

She don't like the rain
She don't like things crashing down
She won't make a play
I bet that I could show you how

Saw her burning on the street
The smoke's my testimony
Just don't stand so close to me
Unless tonight you'll be my only

Singing she got her own way to makes things go
All of the things I tried to keep low
Feeling like I been changing
So whatcha doing being a stranger?
Singing I got a ticket but I can't go
I need a place I can call my home

Tell me, where you goin tonight?
(Where you goin' tonight, Where you goin' tonight)
I'll meet you there if that's alright
(Meet you there tonight, only if that's alright)
Where you goin tonight?
(Where you goin tonight, where you goin' tonight)
Could I be the one to do the things that you like? Oh
Where you goin tonight?
(Where you goin' tonight, Where you goin' tonight)
I'll meet you there if that's alright
(Meet you there tonight, only if that's alright)
Where you goin tonight?
(Where you goin tonight, where you goin' tonight)
Could I be the one to do the things that you like? Oh

Burnt all my bridges
But at least I'm staying warm
I been working on forgiveness
But I don't think it's catching on

Singing she got her own way to makes things go
All of the things I tried to keep low
Feeling like I been changing
So whatcha doing being a stranger?
Singing I got a ticket but I can't go
I need a place I can call my home

Tell me, where you goin tonight?
(Where you goin' tonight, Where you goin' tonight)
I'll meet you there if that's alright
(Meet you there tonight, only if that's alright)
Where you goin tonight?
(Where you goin tonight, where you goin' tonight)
Could I be the one to do the things that you like? Oh
Where you goin tonight?
(Where you goin' tonight, Where you goin' tonight)
I'll meet you there if that's alright
(Meet you there tonight, only if that's alright)
Where you goin tonight?
(Where you goin tonight, where you goin' tonight)

Could I be the one to do the things that you like? Oh
