Mac DeMarco

China  
China  
China  
China

Build me a brand new heart  
Toss me a brand new start  
I can behave  
Just let me come out and play

China  
China  
China  
China

Watch every step I take  
When I'm back late from break  
I can behave  
Just let me come out and play

China  
China  
China  
China
