

# No Other Heart

Mac DeMarco

Is it true?  
You've been feeling sort of low these days  
Just don't have a place to go these days  
Must be bringing you down

If it's so  
Then come on give this lover boy a try  
I'll put the sparkle right back in your eyes  
What could you lose?

Well for one, her heart belongs to another  
And no other heart will do

Is it wrong? To think my love could really help you out  
It's simply just my stubborn heart no doubt, ramping away  
If it's not

Then come on give this lover boy a try  
I'll put the sparkle right back in your eyes  
What could you lose?

Well for one, her heart belongs to another  
And no other heart will do  
(2x)
