

# On The Square

Mac DeMarco

Brother's hands  
This time it's in brother's hands  
Baby are you satisfied  
Is this all you had in mind

On the square  
Live a life that isn't there  
Square it up  
Call me once you've had enough

Brother's hands  
Feel the grip of brother's hands  
Maybe it's been rectified  
Locked outside and left to die

On the square  
Live a life that isn't there  
Square it up  
Call me once you've had enough

On the square  
Live a life that isn't there  
Square it up  
Call me once you've had enough
