

Phantom

Mac DeMarco

Sure I'd give it up
Just for one more chance to say
Goodnight, oh my love
Was it real or just fantasy?

Your phantom sits with me
When I'm all alone
I love you still

Surely, I was wrong
Casting spells and singing silly songs
You knew all along
Hold your love before it's gone

Your phantom sits with me
When I'm all alone
I love you still
