Sherrill

Mac DeMarco

Getting hard to remember, getting hard to recall Getting laid off and pushed out and it ain't my baby's fault

So if you go, don't cry, I'll be right there at your side Sherrill, Sherrill

Getting laid on the lifeline, getting tired, time for bed And there's no use getting worked up, I'll remember all you sai d

And if you go, don't cry, I'll be right there at your side Sherrill, Sherrill, Sherrill
