

# Trouble Believing

Mac DeMarco

(One two three four)  
Trouble believing  
What's been going on  
Find yourself a new home  
Who knows for how long

Is it wrong to feel afraid  
Of things that don't affect you know  
But surely will someday?  
Is it wrong to try to change  
The style of your conversation  
Just to get your way

These troubles I'm seeing  
These days I don't know what to believe in

Trouble believing  
Anything you're told  
Nothing is much easier  
Only that you've grown

Getting harder now to tell  
What's right from wrong by yourself  
Getting harder now to see  
No one ever understands just what you need

These troubles I'm seeing  
These days I don't know what to believe in  
These troubles I'm seeing  
These days I don't know what to believe in

(Nipples)
