

## 4 Myself

Mac Dre

I want you for myself  
You can't have no one else  
I want you for myself  
You can't have no one else

See I'm a cold polecat  
I hope she know that  
Shitty off the titty and dope as Prozac  
Spit the anthrax, leave a dent in your brain  
Please believe ain't no cuffing me mayne, fuck a dame  
Trying to put her hooks in me, I go Bo Billy  
Wanna get with me, let her dough get with me  
Keep the big heads crispy, ducking it up  
I do the dirt then I'm fucking it up  
Bitch what the fuck is you hollerin'  
Bitch check your noggin  
Fore' I pull out the pecker then peck at your noggin  
Sug don't go for that  
Check the skully with the cutty off dosha sacks  
Forty racks

I'm not the average dude although I'm digging you  
I can't be tied down now I deal in ho's and brew  
Money is all I need, a backwood and a bag of trees  
P-I-M-P is me your wildest dreams between the sheets  
I got to have my dough, like you don't know what I'm here fo'  
You got to break mines off, like I do you when I'm with you  
On Cutty Bang and Smirnoff we'll do the thing and I'll show off  
I can't be locked down now, that's not how I get down

The bitch is fatal  
Plus she play all day like cable  
I'm a pimp baby, I run a stable  
I got H-O E-S's  
High heels and cold gear is how she dresses  
You too skrilla and I'm a true playa  
You looking for a cuddle up, a Poo Bear  
I need a bitch that's gonna move some work  
Do some dirt, she can't then I ain't goosing her  
I'm using her for her cards and her credit  
She's breaded, super unleaded  
Super saucy, super what you not  
You need a man who ain't tripping off what you got  
I'm too much meazy for one beezy  
Plus, I like my nachos cheesy  
That one on one shit, I can't go for that  
I'm laid up with three bitches smoking fat

I want you for myself  
You can't have no one else  
I want you for myself  
You can't have no one else
