

# Alphabet Insanity

Mac Lethal

I...Adamantly attack the alphabet  
with an anecdotal algorithm made of Adamantium  
I'm like an Adderrall addicted anaconda or an alcoholic  
an asshole, like A-Rod, no anabolic s,  
But I, brutally and beautifully butcher the banging beat  
brushin' bubbly allover your booby and booty beef  
cause I'm a carpenter, when I come carvin' your carcass  
leaving all these carp fish crushed on the carpet  
crumble chron' with my Colorado and my Cal cronies  
cram it full of condiments like it's a Calzone  
delicious! but I didn't drive and drink  
whether diamonds or dimes man I'm diving deep like an  
electric eel, I'm elegantly eloquent and every cent I've ever earned  
just entered me in the election  
I got eleven brains like an enormously educated Einstein with Elephantitis  
of the er\*\*\*\*\*  
a freak! I'm fighting with a flatfooted felon  
five falcons just flew to a fountain, and fell in  
Googling googly-eyed girls to get inside  
golly gee from GlasGow to Guatemala's gentrified  
a hippopotamus is high on heroin he heckles me  
and hires Haitian Hank to hand his hoe a hysterectomy  
in hateful hieroglyph I hurl-out hyperbolic hubris  
and hang with Hipster Helen the hooker with huge hips  
I'm ill. I'm Icarus. I ignite idiots in idioms and issues  
jumpy jargon I joust like Jacare jivin Japanese Judo and Jiujitsu  
killin em like a kid.. got a Kilogram of Ketamine for Kwanza  
in a knitted Kimono made out of Komodo Dragon skin  
I'm richer than a Klingon kickin it at the Kremlin  
but I kick through your door, kall me Kramer Kardashian  
Lethal. Literally litter a little limerick  
that be littler than a Leprechaun  
a menace that'll manifest the melancholy mayhem  
makin a metamorphosis until mechanized like Megatron  
Nick Nolte: a nerdy native of Nebraska  
needs a neon ninja and a nectarine from NASA  
Ominously, I mean it's obvious you see a:  
orthodontist oozing out oodles of onomatopoeia  
Oswalt: Patton  
pickin a pocket pluckin a patent  
I pickle purple poop in Patron for pure passion  
I got a question, I gotta quiz ya  
should I quirk up the quotes and make the flow quicker  
really getting ready for the revolution  
reeled a rotten rhythm ring around a Russia Ronda Rousey resort  
serve a simple sentiment a simile that's smokin  
like a sheet of Sudafed i'm swiftly swimming like a seahorse  
TITTIES ON ATILLA TELL A TELLER THAT'LL TOE TAG  
TERMINATOR GUN INSIDE A TURTLE TATTERED TOTE BAG  
THUGS  
ARE UN-AMERICAN UNATTRACTIVE AND UNWANTED AS AN UGLY PAIR OF UGG'S  
VIVID AND VIVACIOUSLY VENOMOUS  
With the wicked wombats only walking where women is  
gettin xenophobic at the Xanadu  
XoXo  
Yippy-ki-yay,!  
Yours' Truly,

Mac
