

Rapping A Verse Forward & Backward (2 Different Meanings!!!)

Mac Lethal

I guess I better vent, holy effin shit
Donald Trump is America's president
I'm happy, okay?
Now you can't say minorities feel comfortable in the USA
I just hope that cops kill black people every day
And I hate
We gotta give women equal pay?
Not
I'm so racist, a lot of white people are
You'll get shot
You're gay: Just because it's evil
Not CBS, Watch FOX News

Fuck welfare
Say let's go man
Looks like president Trump is slow pain bringing
Women grab trump
You Miss Universe, eh?
Bomb. Oh, thanks
He'll rush ya with best friends, fuck your daughter
Immigrants need to be deported from America
What kind of idiot thinks we don't need to build a big wall?
It makes me sick, y'all

Now let's reverse that rap, and see if we can find a different, or BE
