

# Clarity

Mac Miller

Clarity...

Clarity...

Clarity...

Figure all this out, I ain't gona take a charity  
Marry me, wish everyone could shake and play the tambourine  
Perfect, I know I love you I ain't tryna let those words slip  
Pure bliss, I know that we will stay together, we in cursive  
Infatuation, when every single move you make is fascinatin'  
Gravitatin' towards anything that gives a sense of happiness  
Activist, love activeness  
Sendin' my love for girls who got some cuts at their wrists  
Hope you find what you lookin' for, I hope you find what you lo  
okin' for

You take away the pain and I thank you for that  
If I ever get the chance, bet I'm paying you back  
I'm a be waitin' for that (2x)

Misery, you represent love, you the epitome  
So wish for me, I'll come out of nowhere, your epiphany  
Disconnect, from everybody who don't understand my vision yet  
In a jet, is where my mind is so I light another cigarette  
To calm me down, so calm me down  
Everybody who can save me now is not around, choppa down  
Busy today, but can you tell me how tomorrow sounds?  
In between, purgatory ain't as bad as it would seem to be  
Live a dream, that's so cliché but I can't tell you what it mea  
ns to me
