

## Love Lost

Mac Miller

Where'd you go, and what'd you do  
How the hell you make me fall in love with you  
And then you leave, and now you gone  
All I got is this damn song  
so I can feel but I cant touch  
except my love its been too much  
broke my heart cant find no crush  
so why don't you just come back home

Hey, I'm a fucking workaholic, with a passion in my heart  
Treating rap with a passion in which you'd have to be a part of  
I just copped a new car to hear it start up  
Try to do the right thing then please karma  
All I want to know is where the fuck did you have to go  
I been waiting on you baby, why don't you leave and come on home  
I cant be mad I'm living my dream  
(going all around the globe)  
Although you said you think you love me  
(you need to let me know)  
So I been fucking all these hoes  
And I been blowing all this cash  
Cause baby this just the beginning  
And I'ma make all of it back

Where'd you go, and what'd you do  
How the hell you make me fall in love with you  
And then you leave, and now you gone  
All I got is this damn song  
so I can feel but I cant touch  
except my love its been too much  
broke my heart cant find no crush  
so why don't you just come back home  
hey, its all good everybody trynna eat tonight  
trynna go to sleep having good dreams tonight  
so go home, it might get better  
all I know it don't last forever  
so take it while you got it trynna get a little more  
they say I'm getting better than I ever been before  
well that's for sure, tell em what I do  
rap keep me fed like a school getting soup  
I been out here on the road and now you missin me at home  
All these ex girls that I used to know are hittin up my phone  
But I ain't here, I guess you can call back  
Sex drugs and rock and roll I think ill take all that

Where'd you go, and what'd you do  
How the hell you make me fall in love with you  
And then you leave, and now you gone  
All I got is this damn song  
so I can feel but I cant touch  
except my love its been too much  
broke my heart cant find no crush  
so why don't you just come back home
