

I Love Jesus

Mac Powell

I love Jesus, yes I do
I love Jesus, yes it's true
I love Jesus
I was on the wrong road
Lost as I could be
I needed a Savior to rescue me
Heaven heard me prayin'
Opened up my eyes
That six feet under man
Got a brand new life
That's why...

I love Jesus, yes I do
I love Jesus, yes it's true
He's the way, He's the truth
Turned my life around
If you know him like I do
Sing it with me now
I love Jesus

The devil he don't like that
He ain't got my soul
But I'm not listening to him
He knows where he can go
Jesus bought my freedom
By His sacrifice
Death and sin defeated
And now that's why

I love Jesus, yes I do
I love Jesus, yes it's true
He's the way, He's the truth
Turned my life around
If you know him like I do
Sing it with me now
I love Jesus
I love Jesus
I love Jesus

He will never leave me
Been so good, so good to me
And one day He will take me home

I love Jesus, yes I do
I love Jesus, yes it's true
Yes it's true
He's the way, He's the truth
Turned my life around
If you know him like I do
Sing it with me now
I love Jesus
I love Jesus
Yes I do
I love Jesus
