

Jesus You Are

Mac Powell

Light in my darkness
Rock I can stand on
Key to my shackles
Fire in my veins
Road to redemption
Song of Salvation
My anchor in oceans
That toss me in waves

When I need rescue, you are my ransom
When I need shelter, you are my home
When I am weak Lord, you're what I reach for
Lord I believe whatever I need, Jesus You are

Peace in the valley
Mover of mountains
Shade in the desert
My Guiding star
Rolling the stone away
Calling me from the grave
Light in my soul today
Jesus You are

When I need rescue, you are my ransom
When I need shelter, you are my home
When I am weak Lord, you're what I reach for
Lord I believe whatever I need, Jesus You are

Wherever I go You're with me
No matter how near or far
Whatever I need I know
Jesus You are
Wherever I go You're with me
No matter how near or far
Whatever I need I know
Jesus You are

When I need rescue, you are my ransom
When I need shelter, you are my home
When I am weak Lord, you're what I reach for
Lord I believe whatever I need, Jesus You are
Lord I believe whatever I need, Jesus You are
Lord I believe whatever I need, Jesus You are
