

Nothing But Good

Mac Powell

Well, You ain't never been nothing but good to me
No, You ain't never been nothing but good to me
From the day I was born, to the moment right here
There ain't no doubt, it's been so clear
That You ain't never been nothing but good to me

And I'm gonna praise Your name wherever I go
Yes, I'm gonna praise Your name wherever I go
From the mountain high to the valley low
Every mile, every minute, everywhere I roam
I'm gonna praise Your name wherever I go

Lord, You are so good and this is my testimony
Lord, You are so good, this is my song, this is my story
From so far gone to a child of God
A slave but now I'm free
You ain't never been nothing but good to me

There is a light that shines inside my soul
There is a light that shines inside my soul
All my sins have been forgiven
Got back all that devil stole
There is a light that shines inside my soul

Lord, You are so good and this is my testimony
Lord, You are so good, this is my song, this is my story
From so far gone to a child of God
A slave but now I'm free
You ain't never been nothing but good to me

You ain't nothing, You ain't nothing
You ain't nothing but good to me
You ain't nothing, You ain't nothing
You ain't nothing but good to me
You ain't nothing, You ain't nothing
You ain't nothing but good to me
You ain't nothing, You ain't nothing
You ain't nothing but good to me

Lord, You are so good and this is my testimony
Lord, You are so good, this is my song, this is my story
From so far gone to a child of God
A slave but now I'm free
You ain't never been nothing but good to me
Lord, You ain't never been nothing but good to me

You ain't nothing, You ain't nothing
You ain't nothing but good to me
You ain't nothing, You ain't nothing
You ain't nothing but good to me
You ain't nothing, You ain't nothing
You ain't nothing but good to me
You ain't nothing, You ain't nothing
You ain't nothing but good to me
