

# I Need to Kill

Macabre

Coming to your house  
I'll make you scream  
Catch you all alone and  
Then you're dead  
I'm going to shatter  
All your dreams  
Filling you all full of  
Fear and dread

Catch you by surprise  
Your death will make me smile  
You know it makes me feel so good  
When your life expires  
It's time to realize  
That you're going to die  
There's nothing you can do  
Even if you try

Murder is a wicked  
Fuckin' disease  
But it makes me  
Feel so good inside  
Killing you to  
Satisfy my needs  
Showing no remorse for  
Taking human life

Catch you by surprise  
Your death will make me smile  
You know it makes me feel so good  
When your life expires  
It's time to realize  
That you're going to die  
There's nothing you can do  
Even if you try

I'm going to tie you  
To a tree  
Then I'll put a wire  
Around your neck  
Pulling it as tight  
As it can be  
Your head and body  
I will disconnect

Catch you by surprise  
Your death will make me smile  
You know it makes me feel so good  
When your life expires  
It's time to realize  
That you're going to die  
There's nothing you can do  
Even if you try
