

## Now It's Time to Pay

Macabre

There once was a man named Timothy McVeigh  
Who thought the government was gonna take guns away  
He was turned down by the Army  
And wanted revenge on the country

Timothy McVeigh was filled with lots of hate  
And said the government burned Waco on that date  
Timothy McVeigh then thought of a way  
To get his revenge on the government one day  
Timothy McVeigh put his plan in play  
And built a bomb to blow people away  
Timothy McVeigh parked and ran away  
And blew up The Federal Building on that evil day

Terry Nichols built a bomb for McVeigh  
Who rented a truck to carry it that day  
He parked the truck than ran away  
And many people were blown away

Timothy McVeigh his hate was on display  
When he used a bomb to make the Feds pay  
Timothy McVeigh parked and ran away  
And killed many people on that evil day  
Timothy McVeigh now it's time to pay  
For all of the victim's that you blew away  
Timothy McVeigh you better start to pray  
Cuz hell is waiting for you that's where you're gonna stay

Timothy McVeigh somewhere you went astray  
Blew up the Federal Building on that evil day  
Timothy McVeigh we'll take your life away  
With lethal injection for people that you slayed  
Timothy McVeigh now it's time to pay  
For all the victim's that you blew away  
Timothy McVeigh you better start to pray  
Hell is waiting for you and that's where you're gonna stay

Timothy McVeigh somewhere you went astray  
Blew up the Federal Building on that evil day  
Timothy McVeigh we'll take your life away  
With lethal injection for people that you slayed  
Timothy McVeigh now it's time to pay  
For all the victim's that you blew away  
Timothy McVeigh you better start to pray  
Hell is waiting for you and that's where you're gonna stay  
Timothy McVeigh now it's time to pay
