

The Wheels on the Bug

Macabre

The wheels on the bug go round and round
Round and round, round and round
The wheels on the bug go round and round
All through the town

The wheels on the bug go round and round
Round and round, round and round
The wheels on the bug go round and round
All through the town

Theodore Bundy had a yellow car
A Volkswagen bug that would take him far
A Volkswagen bug that would take him round
All through the town

The wheels on the bug go round and round
Round and round, round and round
The wheels on the bug go round and round
All through the town

The wheels on the bug go round and round
Round and round, round and round
The wheels on the bug go round and round
All through the town

He picked up girls in his yellow car
But they wouldn't go too far
In the woods Ted hit them in the head
Till they were dead

The wheels on the bug go round and round
Round and round, round and round
The wheels on the bug go round and round
And Bundy was his name-o
