

Solely silently
I stand against the wind
And even though you see
You don't know where I've been

You say that our dreams
Come alive when we're awake
But I can't even sleep
My sanity will break

So like the blink of an eye
Just the second before a crash
Time is standing still,
I am frozen, I can't feel

Anger, such a simple
Yet powerful emotion
You'd think I could just rid myself
Of these thoughts I stir to motion
Instinct pulls me under
I can't fight this on my own
My mind has become
The darkest place I've ever known
