Ay dolph if I had to borrow this beat

In the streets tryin' to change me, but I can't do that

Disrespect the youngest bosses up in here, this is not a game  
I am just a player, I see all this tryin' take up my career  
I need inspiration, I look in the mirror  
Pablo Escobar with the yay, I don't sell it I just let'em play  
I don't tell'em, they just know what's up  
Clean the whole plate, let me fuck  
Hit the range on a Sunday, I'm like Rambo with the K  
Put some pictures of my haters on  
Load them rounds up, let them spray  
That's some fucked up shit to say  
Oh well, I'm fucked up anyway  
Few have the suite at the palms  
Black suits like it's wedding day  
We don't wife shit, we just pipe shit  
EST dawg that's for life shit  
I'm a livin' legend fuck the hype shit  
I'm a livin' legend fuck the hype shit

Like give me what you owe me  
Lookin' like Cavaliers at the finals  
I'm about to get the fuckin' trophy  
Ride around the land with my top down  
Just standin' on the bridge at my town  
4th coast midwest represent (rep, rep)  
We don't talk about it, we just rep the shit
