

Goddamn, thought we had a chance  
Slipped right through my fingers when I had it in my hands, yeah  
Goddamn, try to understand  
That's the way it was, but it isn't who I am, goddamn

Every night I drive in the summer  
Head out of the window, I'm a skydive jumper  
Two bags like the eyes they under  
Chasing good times till we die, motherfucker

Wasted years but kept my soul  
I always knew my home was rock 'n' rollin'  
Days are short, before I go  
I want my casket laced with guns and roses

Goddamn, thought we had a chance  
Slipped right through my fingers when I had it in my hands, yeah  
Goddamn, try to understand  
That's the way it was, but it isn't who I am, goddamn

Goddamn  
Goddamn

I swear too much, fuck yeah  
Tell me something I don't know  
I care too much, so what?  
Life's short and I spent too many hours doing nothing about it  
And I spent too much money that never amounted to nothing  
I've been drowning in something, I'm a downer on substances  
I'm a functioning junkie turning my life around

Wasted years but kept my soul  
I always knew my home was rock 'n' rollin'  
Days are short, before I go  
I want my casket laced with guns and roses

Goddamn, thought we had a chance  
Slipped right through my fingers when I had it in my hands, yeah  
Goddamn, try to understand  
That's the way it was, but it isn't who I am, goddamn

Never had a chance to be young. Goddamn  
No one grows old where I'm from. Goddamn  
Going through the motions all alone. Goddamn  
I can't lift this weight off of my shoulders. Goddamn

Feel like they forgot my city. Goddamn  
No one sittin' shotgun with me. Goddamn  
I can feel the cracks in my bones. Goddamn  
I don't think I'm ever goin' home. Goddamn

See something pretty, then I look too close  
Do something shitty, so my darkness shows  
Push you away till you let me go  
Sick of who I am, goddamn  
Goddamn
