

half dead

Machine Gun Kelly

Baby fire and hell in my head
Fire and hell in my bed
I'm feelin' blue and half dead

Woke up sad
Woke up sad than a fuck
Woke up sad
Guess I'm happy when I'm sad as a fuck

Pro'ly 'cause I'm all alone, don't even call me
Leave a message at the tone
Your petty ass done hurt me to the bone
All this hurt, don't wanna even sing no singy songs
But my mind
Sing 'em anyway
But my mind
Will be singing 'em today
But my mind
Sing 'em anyway
But my mind
Wanna hear them play

Yeah, yeah
Woke up sad (Uh-huh)
I just saw my girl switch up
Woke up sad (Uh-huh)
Lookin' through the glass, I can see it's no love
Like a guillotine, all the lines got cut
And I can't sleep but my eyes both shut
Like I thought I was with you but we always break up
Like I got enemies and we can't make up

Woke up sad
Woke up sad than a fuck (Fuck)
Woke up sad
Guess I'm happy when I'm sad as a fuck (Fuck)

I'm gon' survive in this shit and stay alive in this shit
Yeah
And thrive in this shit, I will not die in this shit
In my head, in my head, in my head
I'm gon' survive in this shit and stay alive in this shit
Yeah
And thrive in this shit, I will not die in this shit
In my head, in my head, in my head

Pro'ly 'cause I'm all alone, don't even call me
Leave a message at the tone
Your petty ass done hurt me to the bone
All this hurt, don't even wanna sing no singy songs
But my mind
Sing 'em anyway
But my mind
Will be singing 'em today
But my mind
Sing 'em anyway
But my mind

Wanna hear them play
