Lead You On

You finish me

Used to love waking up in the mornings

Machine Gun Kelly

Twice I turned my back on you I fell flat on my face but didn't lose Was it the blue night Go franchize Was it a gold themane in a wonder steady goin under Tell 'em drain the pool I'm sinkin fast Come and save my life before It pass Scratchin at the surface But the bottom's where I'm at Only place my addiction will tell me That I'm free at last So why the fuck you playin with my head I said I'm done Any and everything I had is gone I says you won You promised that we'd only be together for a minute Then we finished But my life had passed another year Why the fuck is you in it? I gave up everything for you Even my house Now I'm beggin on a nightly basis To sleep on the couch My councelor said I need to find a way To block the pain out I told him it was already too late She is in my veins and he said Tell me what led you on I'd love to know Well It's just that When I felt her the first time, I flew Nobody gives me the high that she do See, we fight all the time And she leaves bruises on my arms But the way she makes me feel inside That girl can do no wrong Now all my family hates me Since I started fuckin wit her And all my friends done left me Cuz they jealous that I'm wit her I tried to break it off She gets me back with the feel After everything she did Why the fuck do I love that needle Please help me Twice I turned my back on you I fell flat on my face but didn't lose Look, this love's killing me Literally Everytime I start to pick you up

And feeling you Now I'm just ashamed And wearing long sleeves concealing you Bitch you wasn't shit How the fuck could you do this Now my fucking life is ruined Imma kill you bitch I'll do it And so I Tie it up Stick that shit up in my skin And overdose on your love So I can't have it again
