

Hey  
Who the fuck are you  
To tell me what to do?  
'Cause I am not your bitch, shit

At least  
Make it look good while you're lying to me  
Goddammit, I'm trying to find inner peace  
But it's World War 3

Go ahead and criticize my life you know so much about  
I will not minimize the fact that you counted me out  
Told all the bad news, and left all the good shit out  
Fuck

At least  
Make it look good while you're lying to me  
Goddammit, I'm trying to find inner peace  
But it's World War 3
