

Bloodshot

Machine Head

Bloodshot, bloodshot
My eyes are bleeding carnage
Bloodshot, bloodshot
Curse them all and make them bow
Bloodshot, bloodshot
My eyes are bleeding carnage
Bloodshot, bloodshot
Curse them all and make them bow

Acid rain, a nuclear fog
Inhumane, a crack in the cog
The wheels of my mind spinning, trapped in these hallucinations
Arteries bursting with hatred
Capillaries sickened by blood
Synapses spin a sonic vortex of our devastation

Bloodshot, bloodshot
My eyes are bleeding carnage
Bloodshot, bloodshot
Curse them all and make them bow
Bloodshot, bloodshot
My eyes are bleeding carnage
Bloodshot, bloodshot
Curse them all and make them bow

Chemicals burning the ocean
Tentacles, strangling motion
Constricting around the neck, like fingers of a shattered soul
Fractal image splitting in horror
Fracking ripping holes in the soil
Fossils of centuries, spill our mother's sacred oil

Bloodshot, bloodshot
My eyes are bleeding carnage
Bloodshot, bloodshot
Curse them all and make them bow
Bloodshot, bloodshot
My eyes are bleeding carnage
Bloodshot, bloodshot
Curse them all and make them bow

Corrupting, disgusting
So vile and inhumane
Your profit and power
It's burning all the same

A storm is raging in a severed sky
The ice will melt and the seas will rise
Nowhere to run from the violent rage
Accept your wretched fate

Bloodshot, bloodshot
My eyes are bleeding carnage
Bloodshot, bloodshot
Curse them all and make them bow
Bloodshot, bloodshot
My eyes are bleeding carnage

Bloodshot, bloodshot
Curse them all and make them bow

Bloodshot (Bloodshot)
Bloodshot (Bloodshot)
Bloodshot (Bloodshot)
Curse them all and make them bow
Bloodshot (Bloodshot)
Bloodshot (Bloodshot)
Bloodshot (Bloodshot)
Curse them all and make them bow
