

America, tearing at the seams  
The tension is rising, corruption and greed  
Hysteria, inequality  
The rich mad with power, the poor left to bleed  
Bleeding, hemorrhaging  
Driven to our knees  
The beatings, the chokings, the violent decree  
An effigy burning dollar bills  
The stock market profits with every kill  
Each day the toll higher  
Bail out the bastards  
Nothing to the poor  
Distract and deny  
Deflect and decide  
The sacrificial lamb for the knife  
Cause what's another life?  
For them it's all worth the price  
[?] oh father they are the

Grave makers  
Soul takers  
Oathbreakers

We must be  
Bulletproof  
(One body)  
Bulletproof  
(Unbroken)  
Bulletproof  
(One struggle)  
Show no fear, speak the truth  
Bullet  
Bullet  
Bulletproof

Obliterate, see through all the lies  
The media tells us the stories they hide  
Incinerate gods they bring to life  
The hypocrite Christians proclaiming pro-life  
These times are abortion  
Twisting the truth, contortion is a game  
They taunt and they tame  
They shout and they shame  
The cruelty is the point of the pain  
They need someone to blame  
A scapegoat to vent their rage  
[?] oh father they are the

Grave makers  
Soul takers  
Oathbreakers

We must be  
Bulletproof  
(One body)  
Bulletproof  
(Unbroken)

Bulletproof  
(One struggle)  
Show no fear, speak the truth  
Bullet  
Bullet  
Bulletproof

These hooks peel back the lies  
Coronavirus eyes

Wake the fuck up America, ripping at the seams  
The tension is rising, corruption and greed  
Incinerate the gods they bring to life  
The Christians proclaiming pro-life

Grave makers  
Soul takers  
Oathbreakers

We must be  
Bulletproof  
(One body)  
Bulletproof  
(Unbroken)  
Bulletproof  
(One struggle)  
Show no fear, speak the truth  
Bullet  
Bullet  
Bulletproof

Slowly we take our necks from the noose  
As we set fire to the roof  
Invincible we are the truth  
We are bulletproof!  
We are bulletproof!  
We are bulletproof!  
We are bulletproof!
