Supercharger

Machine Head

Electricity is pulsing through our veins a charge is racing A chain reaction through the four of us, to you, will make the transformers begin converting into overdrive

Power surge now
exploding through
Energy, filling the ominous
void within you
No need to live your life in
that gap
Got what you need right
here on lightning tap, so

Charge me, charge you charge us, charge through Amplify, terrify supercharger electrifies

Getting under skin, we're like a rash Spreading over your body we are the itch you scratch That doesn't seem to go away Protons, neutrons, electrons synchronizing into one

In sheer power all will pale heaviness off the Richter scale Forever crushing the competition in their tracks 100,000 Volts we blast, so

Charge me, charge you charge us, charge through Amplify, terrify supercharger electrifies

Your - little sticks of dynamite We're - the fuse and we're the light

Electricity is pulsing through our veins a charge is racing A chain reaction from the four of us, to you, has made it crystal clear we'll win
this war
Destiny...Victory

Braveheart - mindset, full attack Kamikaze, never look back in this war, a victory is if you feel this too You feed off us, and we feed off you, so

Charge me, charge you charge us, charge through Amplify, terrify supercharger electrifies

Charge me, charge you charge us, charge through Supercharger Supercharger Supercharger Supercharger.
