

easy

Mackenzie Bourg

My heart's beating out my chest
Baby, you know, I've been a mess
But I never gave up on you
I never gave up on us
I wanna put your hand in mine
Maybe sit down have a nice cry
And look in your eyes and say
"We made it"

I know it ain't been easy
But the good days are coming babe
The good days are coming
I know it ain't been easy
But the good days are coming babe
The good days are coming

I never coulda been like this
If you didn't do what you did
Yeah, you made me a better man
I wanna put your hand in mine
Finally open that nice wine
And look in your eyes and say
"We made it"

I know it ain't been easy
But the good days are coming babe
The good days are coming
I know it ain't been easy
But the good days are coming babe
The good days are coming

I know I know I know
The good days are coming

I know it ain't been easy
But the good days are coming babe
The good days are coming
I know it ain't been easy
But the good days are coming babe
The good days are coming
