Mackenzie Bourg

Something's got me feeling bubbly
Got me feeling fuzzy
Got me feeling right

Oh, it's magic every time that I crack it
Baby, you're a classic
And I need a sip tonight

Tell me, how do you do it?
You're getting me through it every day
Oh, it's crazy how much you changed me
Every taste just takes me away

My heart starts to overflow
I just wanted you to know

I found you
I found you

You got it – all that I wanted
All that I needed is you
You got it, you are the sweetest
You're like a dream that's coming true

My heart starts to overflow
I just wanted you to know

I found you
I found you

You got it – all that I wanted
All that I needed is you
You got it, you are the sweetest
You're like a dream that's coming true

My heart starts to overflow
I just wanted you to know

I found you
I found you

Ohhh, wherever I go when I'm with you
I know that I'm home
Ohhh, wherever I go when I'm with you
I know

I found you
I found you
I found you
I found you
I found you
