

# Boots On

Mackenzie Carpenter

I don't mean to call you  
Right in the middle of the day  
But it's kinda important  
No, it just can't wait  
Way you kissed me goodbye at the door this morning  
Hit me just right, now I need a little more of it  
Left me with a feeling that I can't ignore and  
I got the sugar, baby pour it

Sitting here, missing you something strong  
You're the only one got what I want  
Come on baby, can't you take the day off?  
'Cause I ain't got nothing but my boots on  
Thinking 'bout you kiss kissing on me  
Making me hotter than the Georgia heat  
Put the pedal to the medal baby, come on home  
'Cause I ain't got nothing but my boots on

Baby while I got you  
Hanging on the line  
Might need to steal your T-shirt  
'Cause now I'm missing mine  
Got a trail upstairs, leading down the hall  
Yeah I'm going crazy climbing up the walls  
Got on nothing but what God gave me  
'Cept for these new sky blue Luccheses  
So come on baby

Sitting here, missing you something strong  
You're the only one got what I want  
Come on baby, can't you take the day off?  
'Cause I ain't got nothing but my boots on  
Thinking 'bout you kiss kissing on me  
Making me hotter than the Georgia heat  
Put the pedal to the medal baby, come on home  
'Cause I ain't got nothing but my

Ain't got nothing but my boots on  
Nothing but you on my mind  
Come on  
What you waiting on? Yeah

Now I can't wait to see you pulling up the drive  
Can't wait to see the look in your eyes  
Are you really gonna leave me all alone?  
When I ain't got nothing but my boots on  
Thinking 'bout you kiss kissing on me  
Making me hotter than the Georgia heat  
Put the pedal to the medal baby, come on home  
'Cause I ain't got nothing  
No I ain't got nothing but my boots on, yeah

Ain't got nothing  
No I ain't got nothing but my boots on, boots on
